

## Messy Masterclass – Reimagining Your Messy Church: Agenda

**Aim: to help Messy Church teams and leaders to explore and discuss different approaches to reboot or refresh your Messy Church.**

### Agenda

- Goals - why do we do what we do?
- Reality - what have we been doing? What are the needs of our families and teams?
- Options - how to move forward
- Will - what will you do?

### Format

This Masterclass is a 90 minute interactive session. Our leaders tailor the content as far as possible to those attending.

The session will begin with a short reflection, a guided exercise and some input from the leaders. After a short break, there will be time in smaller groups using breakout rooms to discuss what you've heard and share ideas with other Messy Church leaders.

The Masterclass will finish with a time of Q&A and signposting to useful resources.

A transcript of the chat, the slide content and any links to resources mentioned will be emailed to all participants afterwards, along with a feedback form.
